GIVING BACK TO VETERANS

(Mrs. MCBATH asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MCBATH. Mr. Speaker, I come from a family of veterans. My father, my brother, and nephew all served, and I am honored to fight for our veterans and their families here in Washington.

Our servicemen and -women have sacrificed so much for this country. And our community and our country are forever grateful to all who have served, and we must always give back to those who have given us so much.

I am proud of the funding that we have helped procure for the Veteran Rapid Retraining Assistance Program. It gives veterans in my community and the country the opportunity to receive a year of job training, education, and housing costs.

This pandemic has been extraordinarily difficult for so many across our country, and this is an important step toward serving the thousands who have so bravely served our Nation.

THREATS TO ABORTION ACCESS

(Mrs. CAROLYN B. MALONEY of New York asked and was given permission to address the House for 1 minute.)

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, on September 1, the Supreme Court allowed Texas Senate Law 8 to go into effect, which bans nearly all abortions in Texas.

Make no mistake, a 6-week ban is a ban on virtually all abortions. Most people don't even know if they are pregnant at 6 weeks. This is the latest in a series of extremist attempts to restrict abortion access.

This December the Supreme Court will consider a 15-week ban in Mississippi that directly threatens Roe v. Wade. With this recent action, the Court has shown that we cannot depend on it to protect our rights.

This Thursday, I am holding an Oversight Committee hearing on the unending threat to abortion access, and on Friday the House must pass the Women's Health Protection Act.

Our abortion rights are under threat, and we must act now before it is too late.

CONTINUING RESOLUTION WILL AVERT A GOVERNMENT SHUTDOWN

(Ms. PLASKETT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. PLASKETT. Mr. Speaker, this week the House is expected to pass a

continuing resolution to fund the government through December and avoid a government shutdown, which would be catastrophic for families and the economy as we recover from the COVID-19 pandemic.

I am pleased that this bill includes a provision to cancel the outstanding balance of community disaster loans issued by FEMA to the Virgin Islands as well as disaster assistance throughout this country.

The CR also extends the current enhanced rate of Federal matching funds for Medicaid through December 3 of 2021, averting a sharp decline in the rate of Federal Medicaid funding for essential healthcare for the territories and Virgin Islanders living there.

The suspension of the debt limit is also in the continuing resolution, to prevent a default that would trigger an economic catastrophe, not only here but around the world. This suspension is to help pay for President Trump's 2017 tax cut and the original COVID relief bill signed into law by President Trump.

We know from his past practices that President Trump has no trouble keeping debt, declaring bankruptcy. Thank God Democrats will be the adults in the room and make responsible decisions.

Pursuant to clause 1(c) of rule XIX, further consideration of the bill (H.R. 4350) to authorize appropriations for fiscal year 2022 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes, will now resume.
